A LETTER FROM THE OWNER

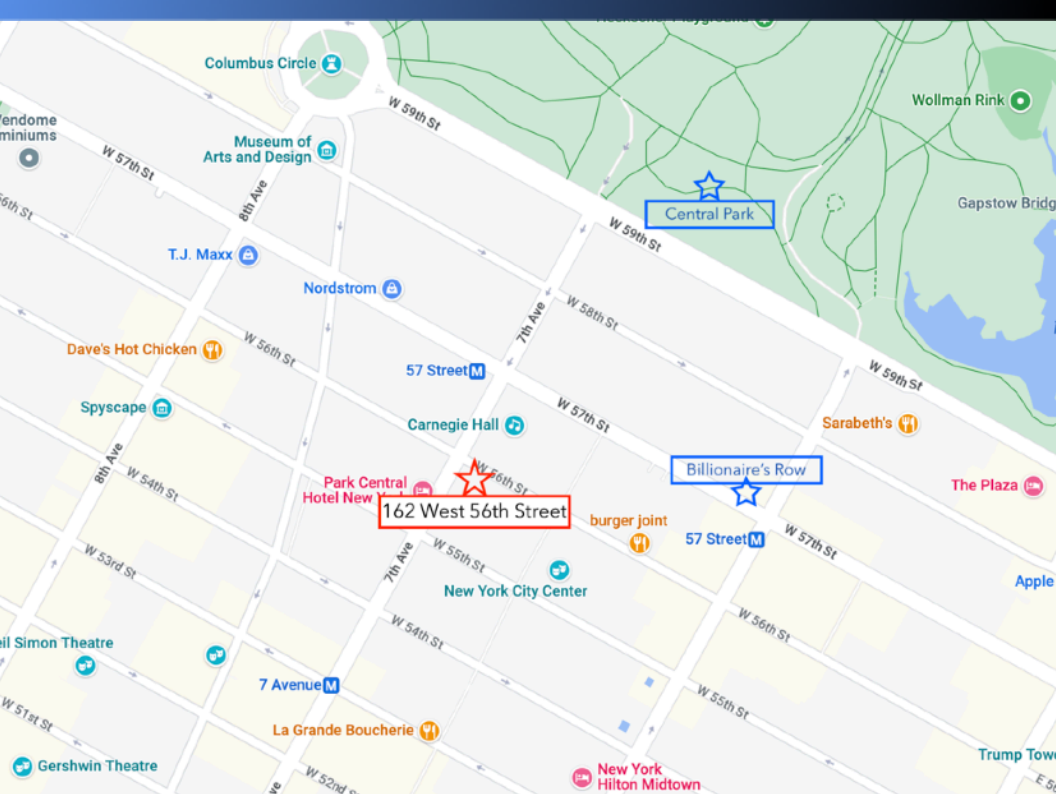

"This is a one-of-a-kind opportunity. I had a vision 17 years ago: to create a boutique professional environment in the most central location in Manhattan. Here, physicians, dentists, physical therapists, chiropractors, acupuncturists, attorneys, salons, etc., can feed off one another's drive, energy, and perseverance, and be beneficial to one another.

At that time, I didn't know how important this business model would be. We all experienced Covid, and the awful impact it had on commercial real estate industry: empty offices, vacant buildings. But not here! Because of this vision, and the strength of the tenants that we gathered together, we continued to thrive.

We have 100% occupancy... No vacancies! It required some carefully measured sacrifices, but our loyal tenants weathered the storm.

Carnegie Plaza Professional Suites has been my baby for many years now. I worked to help it grow. Now, it's time for me to pass the torch along to someone who can carry on its legacy."

LOCATION OVERVIEW

Midtown Manhattan is one of the most in demand locations for professional tenants. Its proximity to restaurants, entertainment, hotels, tourist attractions, and public parks draws foot traffic. The neighborhood's connection to public transit, and easy access to the rest of the city, further increases the area's desirability.

Major nearby landmarks include Carnegie Hall directly across the street, Central Park 3 blocks to the north, Columbus Circle just west of there, and the Theater District, and Times Square to the south.
